

Indian Particle Accelerator Conference (InPAC-2022)

Organised by

Variable Energy Cyclotron Centre, Kolkata

22-25th March 2022

ONLINE MODE

Indian Particle Accelerator Conference (InPAC-2022) is being organised by Variable Energy Cyclotron Centre, Kolkata under the aegis of Indian Society of Particle Accelerators (ISPA). Objective of the conference is to provide an excellent forum to exchange valuable experiences, new ideas and recent developments among the scientists and technologists, particularly younger generation, actively involved in the design and development of frontier technologies in the field of particle accelerators.

Major Topics: ([Refer to conference website for details](#))

- Electron accelerators & photon sources
- Hadron accelerators
- Beam dynamics and EM fields
- Novel particle sources & acceleration techniques
- Accelerator technology
- Beam instrumentation, controls, feedback & operational aspects
- Applications of accelerators, technology transfer and industrial relations

Abstract submission	10 to 28 February, 2022
Communication to authors	15 March, 2022
Manuscript submission	16 March to 15 April, 2022

Registration fee	
Faculty members/ Employees of research institutes	Rs. 250.00
Ph.D. students / researchers (non-employees)	Not required
Industry participants	Rs. 1000.00

Abstract submission is through conference website
