

International Conference on Physics and Astrophysics of Quark Gluon Plasma (ICPAQGP-2023)

Tuesday 07 February 2023

Parallel Session IIC (Chair : Prof. Sadhana Dash) (16:45-18:30)

time	[id] title	presenter
16:45	[197] Recent ALICE results on correlations and fluctuations	Dr BASU, Sumit
17:10	[12] Results of femtoscopic correlations at CMS	PRADHAN, Raghunath
17:25	[13] Measurement of charge balance function at CMS	BEHERA, Subash Chandra
17:40	[39] Effect of repulsive mean-field interactions among hadrons on susceptibilities of conserved charges	Mr PAL, Somenath
17:55	[148] Measurement of two-particle number and transverse momentum correlation functions with ALICE at the LHC	SAHOO, Baidyanath
18:10	[32] Investigating the fragmentation of charm quarks with correlation and jet measurements by ALICE	SADHU, Samrangy
