

# DAE-BRNS symposium on "Contemporary and Emerging Topics in High Energy Nuclear Physics (CETHENP 2019)"

## Monday 25 November 2019

**Day 1, Session 3 - Ajay Divatia Lecture Hall (14:30-16:00)**

time	[id] title	presenter
14:30	[56] Recent results from the Beam Energy Scan (BES) program at RHIC	Dr JENA, Chitrasen
15:00	[57] Open heavy-flavour measurements in heavy-ion collisions with ALICE	DE, Sudipan
15:20	[58] Neutral meson production in the RHIC and LHC experiments	Dr PAREEK, Pooja
15:40	[59] Multiplicity and $\sqrt{s}$ dependent study of inclusive jet properties in pp collisions at LHC energies	DAS, PROTTOY
